# Welcome

Welcome to EBSR! We are excited to welcome each of your troops to camp this summer and hope that you are equally excited for a great week of camp! EBSR is located on Castle Rock Lake, the fourth largest lake in Wisconsin at over 16,000 acres. With more than two miles of shoreline, we offer a one of a kind, pristine camping experience. As we look forward to summer 2023, we continue to focus on improving our camp, programs, and food to ensure you have a great stay with us!

Our new climbing wall is an excellent place for scouts of all ages to reach new heights and challenge themselves. ATV and Jet Ski programs keep older scouts on the edge of their seats. The First Year Camper Program and Silver Circle Program will set Scouts on their incredible journey to the rank of Eagle Scout.

Our staff is here to answer any questions you have about our program and property. Please reach out if you have any questions about Summer Camp.

We look forward to reuniting with old friends and welcoming new Troops to our home.

Now, LETS GO DO COOL STUFF!

### Be Prepared!

Scoutcraft will host the Dutch Oven Cook Off. Cook an entrée, appetizer, or dessert in your campsite and bring your completed dishes to the Program Center for judging and sampling. Adults and youth are welcome to participate!

Plan ahead and bring with you all the ingredients and cookware you will need to create your entry.

### Meal Service

Meals at Ed Bryant Scout Reservation are served in fellowship hall. Troops will have the option to cook dinner patrol style in their registration portal. Troops that choose this option will need to pick up their food and recipes at the commissary at 5:00 PM each day.

We ask one Scout per table report 10-minutes before the meal to set up and serve their table's food, as well as one Scout per table stay after the meal to clean up. Small troops (who may only have one table) should utilize the buddy system and have two Scouts prepare and clean up meals. Remember, for some Scouts, this is their first time they've cleared dishes or cleaned a table. They may need some guidance! Table assignments and full dining hall procedures are reviewed during check in.

We make every reasonable effort possible to accommodate for allergens and dietary restrictions that your scouts and leaders may have. We offer four menus, but can discuss special accommodations for other restrictions as well.

### The Edge Trading Post Program Center

The trading post is great place to grab camp souvenirs, creature comforts, snacks, slushies, and even camping gear. Forgot something at home? We may have it in stock. Just ask our Trading Post staff.

The Program Center offers a number of activities including chess tournaments, dutch oven cook offs, gaga ball pits, and more!

## Buddy System

The buddy system is to be used at all times while on camp property. Please review the buddy system guidelines with your Troop before attending camp. With the nature of open programming, special attention needs to be paid to ensure all Scouts are prepared!

## Shooting Sports Policy

Ranges are outfitted with equipment approved and maintained by the Council Shooting Sports Committee. No ammunition, personal firearms or bows will be permitted on council property. Although we respect the Second Amendment, concealed carry is prohibited on Glacier's Edge Council camps and property and we ask that all guns and a munition be left at home.

## Fuels, Fireworks, Explosives

Liquid fuels and compressed gas may be used in camp only under the direct supervision of a knowledgeable adult. Liquid fuels and compressed gas may be used under a dining fly for stoves and lanterns, but not inside of tents. Fireworks and explosives are not allowed on camp property.

## Bicycles and Service Animals

Bicycles are not permitted as a means of regular transportation around camp. No pets are allowed at camp, with the exception of service animals.

# Health & Safety

## Visitors at Camp

All visitors at EBSR must sign in at Peter Rice Office immediately upon arrival. It is recommended that visitors call ahead to ensure their unit is expecting them.

Current Youth Protection is required for all visitors OR they must be constantly accompanied

## Departures from Camp

All Scouts and Scouters are reminded they must sign out and back in each time they leave and return to camp. Sign In/Out using the Check In / Check Out Log Book, located in the Camp Office.

ANY Scout leaving camp must be signed out at the office and that individual MUST be indicated as "approved" to take that Scout off camp in part A of the Health Form. Anyone not listed in Part A as "approved" will not be able to take that Scout off camp without parental consent. No exceptions will be made.

## Phone Calls

In case of a family emergency, a family member may contact the camp office and arrangements will be made for the Scout or Scouter to return the call. Please remind parents that their Scout is somewhere on 200+ acres of camp property; it may take some time to return the call. Other personal calls are not permitted on the camp telephone. Verizon and US Cellular have good service at camp, ATT and Sprint have poor reception.

## Uniform Dress Code

We ask all Scouts, Scouters, and adults to wear the Scouts BSA field uniform at campwide flag ceremonies and at dinners in Fellowship Hall. During general program times, it is expected that participants dress in an appropriate and non-offensive manner. This will be left to the judgment of the units and the Camp Director. Closed toe shoes are required during all times except in the showers or the Aquatics areas. We ask that female Scouts and Scouters wear one piece or camp appropriate swim suits. We ask that male Scouts and Scouters wear short-style swimsuits.

## Cell Phones and Electronics

We strongly discourage Scouts from bringing radios, cell phones, video games, and other such devices to camp. Adults are asked to turn phones to silent mode and enjoy the time with your Scouts. If you absolutely must take a call please step a way from the program area, as to not cause distraction or a safety concern. If a unit allows its Scouts to bring electronic devices to camp, the unit may not permit its Scouts to take them out of the unit campsite. Furthermore, these devices are not to be heard outside of the campsite.

## Wi-Fi and Internet

WI-FI is available in all main camp buildings for Adult Leaders and Program Support. We are a remote camp with lots of demand for service and bandwidth is limited. **Service is not Guaranteed.**

**SSID :** Squatch-Net **Password :** EdBryant

### Adult Leader and Senior Patrol Leader Meeting

There will be an adult leader and SPL meeting that takes place at 4:30 PM on Sunday after check in at the Program Center.

This meeting takes place every morning at 9:15. These meetings are a way for adult leaders to stay in the loop on important announcements and schedule changes. It's also a great time to grab a second cup of coffee and fellowship with other leaders.

### Adult Leader Steak Dinner

Every adult leader is invited to attend the Steak Dinner on Thursday night. Each adult leader gets a ribeye from Wisconsin River Meats, a baked potato, salad, and dessert. This is a great opportunity to fellowship with other leaders, here from our Scout Executive, and provide helpful feedback that we can use for weeks and even years to come!

### Introduction to Outdoor Leadership Skills

This course is offered at the First Year Camper Program. On Thursday evening a volunteer facilitator will come to EBSR to lead participants through the final course requirements. More details will be provided during adult leader meetings.

### BlackPug Meritbadge Tracker

All merit badge advancement information is tracked in our registration system known as BlackPug. Leaders will be giving QR codes that they can use to access their scouts progress. Our staff updates advancement work daily.

## Interested in Volunteering?

We always need extra hands at EBSR. On Sunday let our Program Director know if you have any special certifications or are knowledgeable about certain program areas. We would be thrilled to have your assistance. We are always making improvements to the facilities at camp. Let our ranger know if you are skilled in any trades such as plumbing, electrical, carpentry, or others. Feel free to bring your tools if you would like!

## Have a Merit Badge you would like to teach?

If you are a registered merit badge counselor for a merit badge that we are not offering this summer we would love to have you provide a clinic for our scouts. Just let our program director know what merit badge you would like to teach and we can schedule a time for it at the Program Center.

## Merit Badge Open Program

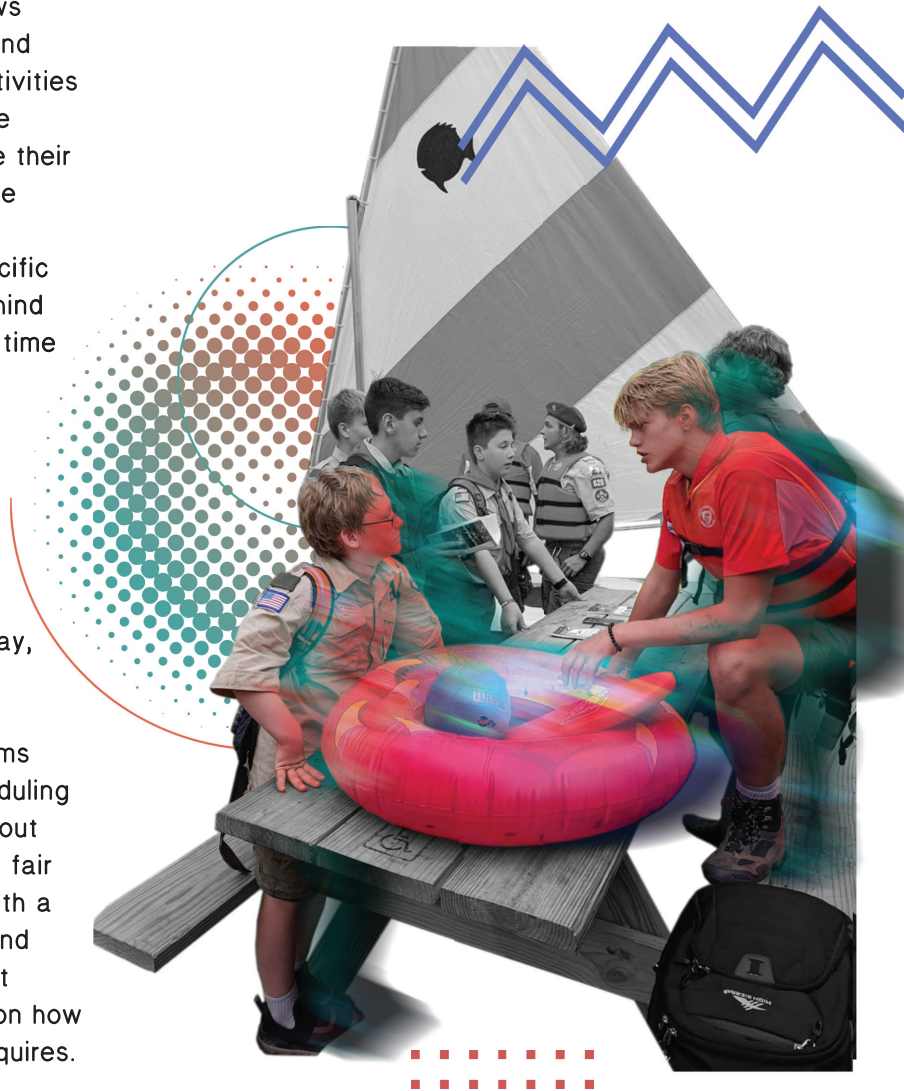

Our merit badge program is primarily an "open program", meaning that we do not have set scheduled times for our merit badge classes. Scouts can jump in and out of program areas anytime these areas are open. This unique approach allows Scouts to build their own adventure and have the opportunity to mix in fun activities and down time along with merit badge programs. It allows Scouts to change their program based on when they complete badges, weather constraints, or just because they have more fun in a specific area. Our mission and philosophy behind the open program is teaching Scouts time management, how to set and achieve goals, and ensuring an enjoyable experience.

## Sunday Midway

Immediately following Sunday Dinner, Scouts take part in the Sunday Midway, a program fair where staff from each program area host a booth and are available to discuss the great programs they offer. Scouts are offered a scheduling card showing available times throughout the week. Scouts wander around the fair to learn about all the opportunities with a goal of creating a plan of activities and merit badges for the week. Area merit badge counselors can coach Scouts on how much time/dedication each badge requires.

Open program can be overwhelming for youth who have never been responsible for their own decisions and time management. Before attending the Sunday Midway, it is a great idea for each Scout to come up with 3 - 4 goals for their week. This will help them build an awesome week. Please note that a few of the merit badges have scheduled program times to allow for adequate instruction. Several merit badges offered at camp have prerequisites which will be provided separately after any updated requirements are released annually by BSA.

# Program Notes

# Merit Badge Offerings

## Merit Badge Level System

Each merit badge offered is ranked from Level 1 to 3. This system is designed to help Scouts and Scout Leaders develop their schedule with age appropriate activities.

### Stump Grinder Forge @ The Swamp

No matter what type of metalwork interests you, the projects you complete as you work on this merit badge will be one of the most hands-on experiences at camp. Scouts now have the option to complete either Blacksmith or Sheet Metal Mechanic options for the merit badge.

Stump Grinder Forge is so popular we've had to limit participation to 8 Scouts per session, with sessions running Monday through Thursday. Sign up for your session when registering or talk to one of the staff on Sunday.

### First Year Camper @ The Swamp

First Year Camper is a great program for any Scout who hasn't reached First Class Rank. Program topics are listed in the FYC Schedule and Scouts can spend the entire week or stop by for one specific requirement. Given the number of new Scouts at EBSR, it is important that Scouts show up at the beginning of the program block.
