DINING HALL

All meals will be served in Fellowship. We serve all of our meals 'Family Style' which means that scouts will sit in tables of ten. There will be food portions for the entire table that are then passed around from scout to scout. We will need one adult leader from each patrol to report to dinner 10 minutes early to help distribute food and utensils to their den's tables.

TRADING POST

The trading post is great place to grab camp souvenirs, creature comforts, snacks, slushies, and even camping gear. Forgot something at home? We may have it in stock. Just ask our Trading Post staff. The Program Center offers a number of activities including a giant chess set gaga ball pits, and more!

Health Forms

Each person attending camp is required to have a completed (Parts A-C) Boy Scouts of America Health Form. This form needs to have the signature of the licensed health-care practitioner within the last 12 months and updated by parents annually. Immunization dates and medications must be listed on the health form in the appropriate area.

Prescription Medication

Medications MUST be turned into unit leadership upon check-in on your first day of camp as well as notification of any severe allergies. Campers on prescription medication must complete the Prescription Medication Form, and return the completed form upon checkout. All forms are available on the council camping website. Medication will be administered by the adult leaders in sites. Medication must be kept secured, we can provide a lock box as needed. A camper may keep certain prescription medications, such as bee sting kits and inhalers on their person. This policy INCLUDES ALL ADULTS.

Health Office

Ed Bryant Scout Reservation staffs a health officer that is on-call throughout your stay. This trained person is responsible for all health and safety at camp and is headquartered at the Health Lodge. The health lodge can provide basic first aid and over the counter medications as needed. Any care greater than basic first aid will be sent to Mile Bluff Medical Center in Mauston.

Emergency Procedures

Complete emergency procedures will be reviewed at opening assembly. Procedures are posted at all camp information centers and campsites. An emergency drill will be conducted on Monday.

Roster Verification

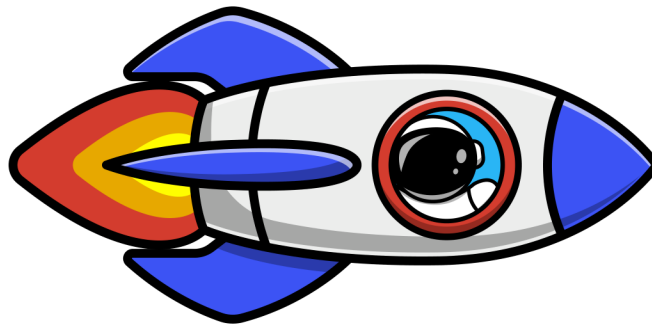

Leaders must verify that all Scouts and Scouters expected to attend camp are checked in, listed on the unit's camp roster and currently registered with the BSA. These rosters will be maintained by the camp for all Scouts and Scouters on reservation, we pull this information from Scoutingevent.com, so please ensure your roster is up to date prior to arriving. All Scouts, Scouters, and visitors in camp will wear an issued wristband(s) while at Ed Bryant Scout Reservation. Wristbands are worn during the entire stay in camp. If you notice anyone in camp who is not wearing a wristband, you should report them to a Staff Member as soon as possible.

Illness

When a Scout or Scouter's health is in question prior to camp, it is better for that Scout or Scouter to delay their trip to camp. If any camper becomes ill during camp, it must be reported to the Health Officer. If a Scout becomes too ill to participate in the program, their unit leader and parents will be contacted regarding transportation home.

Ed Bryant Scout Reservation is a Nationally Accredited Camp
