Welcome to Camp Carlson

My name is Mary Becker. I am the camp director for Camp Carlson and Liz Leith is our program director. We are excited to have you joining us for the overnight “Adventures to Atlantis” June 11-12 or the day camp “Under the Sea” June 13-15. We have lots of exciting activities planned for everyone to enjoy.

If you haven’t been to Camp Carlson, the address is 7849 Hwy 188, Sauk. The camp is located across the highway from the Wollersheim Winery. The driveway is a bit hidden, so it is easy to drive by. We will have a banner with a shark on it near the entrance to the drive.

We are inviting everyone to come to camp on June 10th at 6:30pm. We are going to go over the schedule, layout of the camp, emergency procedures, etc.

You all received the parent guide for camp with what to bring and what not to bring. Four meals will be provided for the overnight. For those coming to day camp, please bring your own lunch each day. We will have a refrigerated trailer available for the overnight and day camp. Something we have not had in the past.

When you arrive for the overnight, please check in at registration and you will be directed where to go to set up your tent.

For the day camp, it is appreciated if one person would check in everyone from your pack. The same for check out.

If a person needs to leave camp early, please make sure to check in at registration before leaving. We want to make sure everyone is accounted for.

Everyone will be given a wrist band to wear while in camp. Please make sure everyone puts them on. This is how we know you belong in camp.

Please make sure to bring a Health Form (Parts A & B) for everyone who comes to camp. The health forms need to go with a person if they need to be transported to a hospital. If there isn’t a health form, it could delay treatment.

If a person need medication during camp, please make sure to fill out and bring the medication form with the medication.

All injuries at camp even if only a band aid is needed are to be logged in with the health officer. The first aid station will be located at registration.

Mary
