### What is Wood Badge?

Wood Badge is Scouting's top tier training course for adult leaders. It is expertly designed to have you experience the same adventure as a youth participating in the scouting program.

A combined classroom and practical outdoors-based experience engaging the fundamentals of scouting in a way that continues life long learning experiences not only with your scouting units, but in everyday practice.

This training will inspire leaders to serve and servants to lead.

### How do I put into practice what I will learn?

You will be encouraged to work your "ticket" through a series of self-directed goals. This will develop you as a leader in Scouting with lessons that translate across teams, families, and communities.

### What if I don't have any scouting experience?

Don't worry, Wood Badge is for everyone! A skilled staff with decades of scouting knowledge will lead you to help you succeed.

Journey with us as we tour through the scouting rank advancement of a Cub Scout through Venturer.

### Testimonials:

"Seriously, Wood Badge opened so many doors for me. I met many wonderful friends, and so many references to look to if I have any questions and problems. I am ever so glad I decided to take Wood Badge." Eagle, C1-635-17

"Attending Wood Badge was one of the best decisions of my life. The friendships that were started and people I met have impacted me in ways that I would never have imagined. The cool thing is that more of this is to come as the years progress." Fox, C1-635-16

"For me it was building up a network of friends whom I can share my experiences with. I learned how others approach scouting so that I can take these ideas back to my units and share with the other leaders and scouts to build a better program." Eagle, C1-635-17
