## What is Wood Badge?

Wood Badge is Scouting's top tier training course for adult leaders. It is expertly designed to have you experience the same adventure as a youth participating in the scouting program.

A combined classroom and practical outdoors-based experience engaging the fundamentals of scouting in a way that continues life long learning experiences not only with your scouting units, but in everyday practice.

This training will enable leaders to grow, connect, teach and serve.

## What if I don't have any scouting experience?

Don't worry, Wood Badge is for everyone! A skilled staff with decades of scouting knowledge will lead you to help you succeed.

"Attending Wood Badge was one of the best decisions of my life. The friendships that were started and people I met have impacted me in ways that I would never have imagined. The cool thing is that more of this is to come as the years progress." Fox, C1-635-16

"For me it was building up a network of friends whom I can share my experiences with. I learned how others approach scouting so that I can take these ideas back to my units and share with the other leaders and scouts to build a better program." Eagle, C1-635-17
