Town & Village Synagogue and Troop 422 invite the New York City Scouting community to join with us in celebrating Scout Shabbat.

This is an opportunity for Jewish Scouts to exhibit their religious pride. It is also a great time for non-Jewish Scouts to learn about another religion as they join with their Jewish brothers and sisters in this observance. We will all practice being reverent.

If you came last year and didn't get a patch, we have last (and this) year's patches ready to distribute.
