## INTERESTED IN ENGINEERING, TECHNOLOGY, OR ARCHITECTURE?

Syska Hennessy Group is the leading global, full-service MEP, information, and communication technology (ICT) and commissioning engineer for the government and commercial sectors. With more than 500 professionals across 18 offices, we provide a full range of engineering services for projects of every size and budget: from global headquarters to small office renovations; from the premier healthcare facilities to essential mission-critical facilities. Syska's goal is to maintain the relationships formed during a student's HS years, working with the Exploring Program. to take the students to the next phase in their journey such as being selected for Syska's college intern program full-service
