### 2025 Innovator Award

The Innovator Award is open to everyone. This award is for one or more people who planned an event or activity contributing to unit advancement or awards where the participants or other leaders found the event new or well appreciated by its participants. Leaders, this is a great way to share something unique or amazing your unit did or came across that another unit put on!

Examples:

One of our Troop's patrol leaders put together a great name game (describe the game) to help us get to know the new Scouts.

Two of our den leaders worked up a den meeting where their Bears taught the Tigers a skill (be specific) that let them both complete adventure requirements.

A committee member found a pack meeting activity online that our Cubs are still talking about months later! (describe the activity).
