### 2025 Family of the Year Nomination

Families are important to Scouting. Family Support for each youth is vital to his/her success in Scouting. Individual adults who volunteer as leaders support other youth as well as their own. The extra effort that adults put forth as leaders, in addition to their family responsibilities, deserve praise. When both parents and youth are involved in Scouting leadership, they deserve district recognition. The Family of the Year award is how we honor the family who contributed outstanding support to our Prairie Fox District.
