SUMMER CAMP

CAMPSITE SELECTION GUIDE

**HERE TO HELP YOU SELECT THE BEST CAMPSITE
FOR YOUR UNIT**

Backer Campsite

CAPACITY: 18

NUMBER OF CONCRETE TENT PADS: 9

NUMBER OF SHELTERS: 1

Backer

Backer is the first campsite you pass when entering camp, located directly between the Ecology area and the Iroquois Campsite. With one shelter and a capacity of 18, this campsite is great for smaller units, and there is ample space for additional dome-style tents and/or pioneering projects!

Baden Powell Campsite

CAPACITY: 30

NUMBER OF CONCRETE TENT PADS: 15

NUMBER OF SHELTERS: 1

Baden Powell

Baden Powell is a quaint campsite on the northwestern side of camp, located between Dan Beard and Lewis campsites. With one shelter and a capacity of 30, this campsite is great for units that like experience a bit more nature while also feeling close to the rest of the camp.

Cherokee Campsite

CAPACITY: 54

NUMBER OF CONCRETE TENT PADS: 27

NUMBER OF SHELTERS: 4

Cherokee

Cherokee is the largest campsite at camp, located next to the Cherokee shower house and the climbing tower. With four shelters and a capacity of 54, this campsite is great for a large unit or a few small or medium units, and it's next to one of the two Gaga Ball octagons on camp.

Chippewa Campsite

CAPACITY: 18

NUMBER OF CONCRETE TENT PADS: 9

NUMBER OF SHELTERS: 1

Chippewa

Chippewa is another campsite placed near the center of camp, located next to McHenry campsite, the Show & Do shelter, and one of the camp's Gaga Ball octagons. With one shelter and a capacity of 18, this campsite is great for a medium unit or linked units, and It's right next to all of the action and fun that is the Gaga Ball.

Clark Campsite

CAPACITY: 14

NUMBER OF CONCRETE TENT PADS: 7

NUMBER OF SHELTERS: 1

Clark

Clark is a small campsite on the western side of camp, located right next to Lewis campsite and just across the parade field from the Climbing Tower. With one shelter and a capacity of 14, this campsite is great for small units and linked units with ample space for dome-style tents and pioneering projects.

Dan Beard Campsite

CAPACITY: 30

NUMBER OF CONCRETE TENT PADS: 15

NUMBER OF SHELTERS: 1

Dan Beard

Dan Beard is a semi-secluded campsite placed at the northwestern side of camp, located just down the road from Baden Powell campsite and not far from the Kit Carson Trail. With one shelter and a capacity of 30, this campsite is great for units that like to experience more nature and don't mind hiking a little bit more to get around camp.

Iroquois Campsite

CAPACITY: 36

NUMBER OF CONCRETE TENT PADS: 18

NUMBER OF SHELTERS: 2

Iroquois

Iroquois is located right next to Backer campsite and not far from the Trading post. With two shelters and a capacity of 36, this campsite is great for a large unit or a few smaller units, and it is located right next to a new Hammock area that safely holds 12 hammocks.

Lewis Campsite

CAPACITY: 34

NUMBER OF CONCRETE TENT PADS: 17

NUMBER OF SHELTERS: 2

Lewis

Lewis is a larger campsite on the western side of camp, located right next to Clark campsite and the Sinquefield Invention Campus. With two shelters and a capacity of 34, this campsite is great for a large unit, linked unit, or multiple units, and it is located right next to the newest single person bathrooms and showers at camp.

McHenry Campsite

CAPACITY: 28

NUMBER OF CONCRETE TENT PADS: 14

NUMBER OF SHELTERS: 1

McHenry

McHenry is a campsite placed near the center of camp, located next to Show & Do shelter, the trading post, and the trail to the rifle range. With one shelter and a capacity of 28, this campsite is great for a unit with scouts headed across the camp or for units who don't want to travel too far to get a slushie.

Osage Campsite

CAPACITY: 50

NUMBER OF CONCRETE TENT PADS: 25

NUMBER OF SHELTERS: 4

Osage

Osage is the second-largest campsite at camp, located right next to the Sinquefield Invention Campus. With four shelters and a capacity of 50, this campsite is great for one large unit or a few small-medium units, and it is just a short hike away from the Osage Lookout - a scenic, clifftop view overlooking Lake of the Ozarks.

Seton Campsite

CAPACITY: 14

NUMBER OF CONCRETE TENT PADS: 7

NUMBER OF SHELTERS: 1

Seton

Seton is the most centrally located campsite at camp, located right next to the Central shower house. With one shelter and a capacity of 14, this ADA friendly campsite is great for a small unit, and it has a lot of space for both pioneering projects and additional dome-style tents as needed.

Shawnee Campsite

CAPACITY: 24

NUMBER OF CONCRETE TENT PADS: 12

NUMBER OF SHELTERS: 1

Shawnee

Shawnee is the campsite furthest from the entrance of the camp but closest to the lake-front aquatics area. With one shelter and a capacity of 24, this semi-secluded campsite is great for units who don't mind hiking a bit more to get to non-lakefront courses and activities.

Sioux Campsite

CAPACITY: 40

NUMBER OF CONCRETE TENT PADS: 20

NUMBER OF SHELTERS: 2

Sioux

Sioux is the third-largest campsite at camp. With Sioux nestled not far from the central shower house and the Outdoor Skills area, two shelters, and a capacity for 40, this quaint campsite is great for a linked unit. It also has a lot of space for pioneering projects or additional dome-style tents as needed.

See you at Camp!
