Rice Long Grain 4% Broken

Customer Name: GREAT RIVERS COUNCIL

Account Number: 251896

1/50LB 4671434

Description

Sysco Classic long grain white rice is a premium quality southern long grain with only 4% or less broken content. Sysco Classic long grain rice is the rice of choice for most Asian and Hispanic operators. The pure white, polished grains result from electronic sorting and water polishing during the milling process.

- The 50-pound bag is made of durable laminated polypropylene fabric that resists moisture and any potential bag damage
- The strong laminated fabric does not ravel when the bag is cut open
- The long, slender grains are pure white, three to four times longer than width
- Serving size: 3/4 cup, cooked
- Yields approximately 504 servings
- Dry rice more than doubles in weight during cooking. 1 pound of dry rice yields approximately 2lbs of cooked rice
- Maximum broken content: 4%
- Grains are water polished during the milling process to produce a pure, white rice both raw and cooked
- The rice is enriched with vitamins during the milling process for extra nutritional benefits
- Rice may be prepared stove top, in the oven or in commercial rice cookers or steamers
- Stove Top: Using a 2:1 water to rice ratio, bring rice and water to a boil. Salt and butter or oil may be added, optionally. Cover and lower heat to low and simmer 15-20 minutes or until most of the water is absorbed
- Oven: Using a 2:1 water to rice ratio, place boiling water and rice in a serving pan and cover tightly. Salt and butter or oil may be added, optionally. Bake at 350°F, 25-35 minutes or until most of the water is absorbed
- Steamer: Using a 2:1 ratio, water to rice, place rice and boiling water (butter/oil and salt, optionally) in a steamer or steam table pan. Stir. Place uncovered pan in steamer and cook according to manufacturer's directions.
- Store in bag or another container sealed tightly to avoid any moisture or odors
- Avoid direct sunlight or heated areas
- Rinsing rice before cooking is not recommended as it removes much of the vitamin enrichment
- The pack date is printed on a front panel of the box. Example: 10221PRM 1-3 positions: Julian date; 4-5 positions: year; 6-8 positions: plant Date is read as: January 2, 2021; Stuttgart Arkansas plant
- Sysco Classic long grain white rice is a premium quality Southern long grain rice with a mild flavor, containing 4% or fewer broken pieces, ensuring a fluffy whole grain plate presentation every time!
- Our long grain white rice is water polished during milling to produce the whitest, purest grains for superior visual appeal.
