Webelos Wood: Wallwood BSR December 2024

Check-In: Friday night between 5pm-8pm (be sure to pack your supper for Friday night or eat before you arrive. Dinner Friday night is on your own and is not provided by camp staff.) **OR** you can check in Saturday morning between 7:30-9:00am. **EVERYONE** in attendance must have a current Health Assessment (Parts A & B). All scouts should have a completed and signed shooting sports firearms permission form. **All BSA registered adults in attendance must have current Youth Protection training, per current BSA Safe Scouting Guidelines. Non-registered adults are encouraged to take this important training.** Please try and consolidate your gear into totes/ bins for easy transportation in and out of camp and to ensure your gear doesn't get lost. We will have gear shuttle service on Friday evening to move gear to campsites. All vehicles will need to be parked in the designated long-term parking area. A gear trailer may remain at the campsite for storage.

Meals: Webelos Woods will provide meals for Saturday breakfast, lunch, & dinner and Sunday breakfast. **If you have special dietary requirements such as vegan, gluten free, or allergies please make sure you let the camp staff know when you register and check in.** Meal's will be prepared in each campsite by the scouts. The Webelos Woods staff will deliver meal items to each campsite to be prepared and cooked in the campsite. This is an excellent opportunity for Webelos to work on the Chef's Knife adventure and the AOL's to work on Knife Safety. The camp staff will have water/coolers at each campsite to refill water bottles. Troops will be bringing cooking equipment for meal preparation and cooking. **We recommend that all scouts and parents bring a personal mess kit to include: plate, bowl, knife, fork, spoon, and cup.**

Sleeping Arrangements: Units are expected to bring personal tents for sleeping. Per BSA Safe Scouting Guidelines only family members may share a tent. Scouts are allowed to sleep in their own tent, as they will at the BSA troop level. Members of each Pack will be camping together with their BSA troop guides.

Program: Many of the activities we'll be doing will relate to scouting activities and requirements for various adventure pins. **Scouts can work on a variety of adventure requirements for the following: Webelos: Let's Go Camping, Chef's Knife, Catch the Big One, and Tech on the Trail. AOL's: High Tech Outdoors, Knife Safety, Estimations, and Fishing.** Of course we'll HAVE LOTS OF FUN! Activities will also include **shooting sports**, games, crafts, nature, and more! Remember we go rain or shine! Unit's should plan a song or skit to perform during the campfire on Saturday night. All songs and skits **MUST** be scout appropriate.

BSA Troops are requested to bring the following equipment:

- Patrol boxes
- Camp stoves: fuel for cooking – charcoal is suggested.
ADULTS must supervise camp stoves.
- Lanterns: Propane lanterns are to be hung high (permitted for adult use only).
- All utensils for cooking in your campsite. We recommend everyone have a mess kit.
- Containers for food prep and clean-up.
- First Aid kits
- Campfire safety tools

BSA National Guidelines

The following policies have been adopted to provide additional security for youth in the program. In addition, they serve to protect adult leadership from situations in which they are vulnerable to allegations of abuse.

- **Two-deep leadership.** Two registered adult leaders or one registered adult leader and a parent of a participant, one of whom must be 21 years of age or older, are required on all trips and outings. The chartered organization is responsible for ensuring sufficient leadership is provided for all activities. There must also be at least 2 adults in campsites or program areas with the scouts.
- **No one-on-one contact.** One-on-one contact between adults and youth members is not permitted. In situations that require a personal conference, such as a Cubmaster/Leader conference, the meeting is to be conducted in view of other adults and youth.
- **Respect for privacy.** Adult leaders must respect the privacy of youth members in situations such as changing into swimming suits or taking showers at camp and intrude only to the extent that health and safety requires. They must also protect their own safety in similar situations.
- **Separate accommodations.** When camping, no youth is permitted to sleep in the tent of an adult other than his/her own parent. *(It may become necessary to put scouts together if one of them is attending a Webelos Campout without an adult while the adult of the 2nd scout sleeps alone.)*
- **Proper preparation for high-endurance activities.** Activities with elements of risk should not be undertaken without proper preparation, supervision, and safety measures.
- **Boy Scouts of America Smoke-Free Policy.** It is BSA policy to provide a smoke-free environment for all Scouting participants. Therefore, smoking is not allowed at Wallwood BSR property.

AOL's Knife Safety

Activities to fulfill these requirements are listed below. Choose one activity for each requirement to complete Knife Safety.

Requirement 1: Know the safety rules for handling and using a knife.

Knife Safety Rules. Explain that knife safety rules apply to all knives in all situations.

- **Stop** – make sure no one else is within arm's reach.
Ask Cub Scouts to explain how to ensure no one is within arm's reach. The answer is "safety circle."
- **Away** – cut away from your finger or other body parts.
Ask Cub Scouts why they should always cut away from themselves. The answer is "to avoid being cut with the knife."
- **Sharp** – a sharp, clean knife is a safe knife.
Ask Cub Scouts how they determine if a knife is sharp or dull. Demonstrate the sharpness of a knife by holding a sheet of paper by the edge and slicing through it diagonally in a downward motion as you pull the blade through the paper.
- **Store** – knives closed, in a sheath or knife block.
Where should they keep their knife when it is not being used? The answer is "depends on the knife.
Pocketknives should be kept closed while not in use and kitchen knives in a knife block.

Requirement 2: Demonstrate the knife safety circle.

Directions

Before the meeting:

- 1) Establish an area to safely conduct a knife safety circle. Remove all objects and allow for plenty of room for a Cub Scout to safely turn in a circle while holding their pocketknife.

During the meeting:

- 1) Explain to Cub Scouts that they are going to practice making a safety circle, one at a time. Tell them that before they pick up their knife to use it, they should stretch their arm out and turn in a circle. They should also raise their hand above their head and move it in a circle to make sure there is nothing above them. If they cannot touch anyone or anything else, it's safe to use their knife. While using their knife, be sure to watch in case someone walks toward them and gets too close. If someone enters their knife safety circle they are to stop using their knife.
- 2) Have an adult demonstrate the knife safety circle by stretching out their arm and turning in a circle. If you cannot touch anyone or anything else, it's safe to use the knife.
- 3) Have each of the Cub Scouts enter the area that was previously set aside as the knife safety circle and practice. As part of the demonstration, have Cub Scouts pretend they are using their knives. Walk toward them to see if they stop. If they don't, remind them that if someone gets too close to their knife safety circle, they should stop using their knife.

Requirement 3: Demonstrate that you know how to care for and use a knife safely.

Requirement 4: Demonstrate the proper use of a pocketknife to make a useful object on a campout.

Requirement 5: Choose the correct cooking knife and demonstrate how to properly slice, chop, and mince.
