

Cub Camp Guide

We are looking forward to seeing everyone at Cub Camp!

We have a great day of activities planned for your Scouts.

If you've never been to Cub Camp before here is some helpful information to have the best experience at camp. Your Pack may have additional suggestions, please speak to your leadership if you have questions regarding overnight camping expectations.

What if I am unable or don't want to camp overnight?

All activities are done on Saturday. If you don't feel comfortable camping or are unable to, you and your Scout can still enjoy all the fun we have planned and still be home on Saturday night.

Where do I go once I get to camp?

Please park in designated parking by camp office only. Driving on camp roads outside of the entry road and parking lot is not permitted. We recommend bringing a wagon to carry gear to your campsite if staying overnight.

Friday night check-in is at the Camp Office (see map) from 6:30PM – 8:00PM and you will be assigned a campsite with others from your Pack at check-in.

If you plan to arrive **Saturday morning**, check-in will be at the camp office from 7:30AM – 8:45AM. The opening flag ceremony is at 8:45AM and activities begin at 9:00AM, so please don't be late.

Campsites

You will be grouped with your Pack at the same campsite. If there are not enough people to form a group, you may be grouped with others. Each site has water and primitive restroom facilities. The camp does have restrooms and shower facilities across the main camp road from the camp office.

Campsite Cooking

If you plan to camp overnight on Friday, you will need to bring your own food or eat before you arrive. Due to the indefinite burn ban in Garza County, *we are not allowed campfires at Post. Camp cooking is allowed with propane stoves only.*

Closed toe shoes are required at camp for adults and youth.

No sandals or flip flops allowed.

Below is a recommended list of things to bring to Cub Camp for the day portion:

- Refillable Water Bottle
- Shoes comfortable for walking
- Wagon for bringing gear to campsite
- Jacket
- Day Pack
- Sunscreen
- Bug Spray
- Sunglasses
- Hat
- Trading Post Money (cash or card)
- Anything else you might want to have an enjoyable day at Camp Post

A list of overnight camping gear can be found at the end of this guide.

No pets, fireworks, firearms, illegal drugs, or alcoholic beverages are allowed at camp at any time. There is no smoking allowed around youth or in the buildings or tents.

Trading Post

The Trading Post has snacks and beverages as well as various items from the Scout Shop available to purchase. There is also plenty of seating to rest between activities. Parent must be present for and approve any pocketknife purchases.

Activities

You will be grouped with your pack for each activity. If there are not enough Scouts in your Pack attending to form a group, you will be paired with another Pack.

The day follows a rotating schedule where each activity will be done during the designated time, and then rotate to the next activity.

Medical Concerns

Across the breezeway from the check-in office is the Health Lodge. If you have any medical concerns or need assistance while at camp, please visit the Health Lodge or find a camp staff member to assist you.

How to get to Camp Post

From Lubbock, take US highway 84 to center of Post.

Turn west on US highway 380 (W. 8th St.) and begin looking for the sign to Camp Post, BSA. Turn south at this sign onto state highway 669 (S. Avenue M), which is three blocks west of US highway 84.

Travel along highway 669 for two miles and turn right at the sign for Camp Post.
