PROGRAM SELECTIONS

Let's be real...

Program is where it is at. A camp without program is just another empty field or a quiet wooded area. Program is what breathes life into a camp and is what causes Scouts and Scouters to drive hours on end. Since 1976 we have been delivering exceptional opportunities to the youth and adults that have come through our gates.

Medicine Mountain is chuck full of exciting program elements and opportunities that both Scouts and Scouters can take part in. From the exciting programs that our High Adventure base offers to our ATV program and our outstanding merit badge offerings; Medicine Mountain's program is wide ranging and is sure to deliver excitement to the youth and those adults young at heart.

With 6 different high adventure programs, over 40 merit badges, adult training opportunities, evening program, & our Expedition: Black Hills, Medicine Mountain is ready to deliver an exciting program to your unit this summer in one of the most famous areas of our nation. The hills are alive with adventure; an adventure that is just waiting for your unit to grab it.

We'll see you and your unit soon at the Medicine Mountain Scout Ranch & Adventure Base.

In Scouting,

Jim Miles
MMSR Camp Director

Amber Schweigert
MMSR Program Director

Camp Program Schedule

Medicine Mountain utilizes a block schedule for all the merit badge, high adventure, adult training, and specialty programs. Programs will either be assigned (1) one or multiple blocks.

For example; if a Scout chooses to take the canoeing merit badge in block A, he will attend his class Monday & Tuesday 9:00AM to 11:00AM for a total instruction time of 4 hours. He will earn his merit badge, provided all the pre-requisites are completed, in this time frame.

Most high adventure programs will span across two blocks; either blocks A&B or blocks C&D. Our Paha Sapa high adventure program (backpacking) will require participants to spend either Monday or Thursday night out on the trail.

PROGRAM SELECTIONS – Merit Badges

Merit Badge Descriptions & Info

Listed in this part of the guide are a description of all the merit badges. Full merit badge requirements can be viewed by visiting the following website on Scouting.org;

www.scouting.org/programs/boy-scouts/advancement-and-awards/merit-badges/ and scrolling down and clicking on the merit badge that you want to view requirements on.

Medicine Mountain Scout Ranch does not endorse the use of merit badge worksheets found on third-party websites. These worksheets are not updated regularly and can cause issues at camp.

Archery ~ location SHOOTING RANGES (additional fee \$5)

Archery is a fun way for Scouts to exercise minds as well as bodies, developing a steady hand, a good eye, and a disciplined mind. This merit badge can provide a thorough introduction to those who are new to the bow and arrow - but even for the experienced archer, earning the badge can help to increase the understanding and appreciation of archery.

Offered During: A, B, C, & D

Art ~ location HANDICRAFT

This merit badge concentrates on two-dimensional art, specifically drawing and painting in various media, including an introduction to design applications in the fields of graphic arts and industrial design, history and design principles, and how these fields relate to fine art.

Prerequisites: 6

Offered During: A & D

Astronomy ~ location NATURE LODGE

In learning about astronomy, Scouts study how activities in space affect our own planet and bear witness to the wonders of the night sky: the nebulae, or giant clouds of gas and dust where new stars are born; old stars dying and exploding; meteor showers and shooting stars; the moon, planets, and a dazzling array of stars.

Prerequisites: Requirements 5b & 6b

Offered During: E (Scouts Must Attend the Star Party in order to complete the badge)

Basketry – location HANDICRAFT (additional fee \$15)

Basketry is a handy skill for a Scout. A basket can be a sturdy companion on campouts, carrying clothes snugly and efficiently, holding potatoes and corn for roasting over a campfire, or carrying the day's fishing catch back to camp for dinner. Baskets and basket-weaving projects also make great gifts for family and friends.

Offered During: F

2025 PROGRAM SECTION

PROGRAM SELECTIONS – Merit Badges

Bird Study ~ location NATURE LODGE

Birds are among the most fascinating creatures on Earth. Many are beautifully colored. Others are accomplished singers. Many of the most important discoveries about birds and how they live have been made by amateur birders. In pursuing this hobby, a Scout might someday make a valuable contribution to our understanding of the natural world.

Prerequisites: Requirements 5 (bring field notebook to camp to complete 6), 8, 11

Offered During: A

Camping ~ location OUTDOOR SKILLS AREA

Camping is one of the best-known methods of the Scouting movement. When he founded the Scouting movement in the early 1900s, Robert Baden-Powell encouraged every Scout to learn the art of living out-of-doors. He believed a young person able to take care of himself while camping would have the confidence to meet life's other challenges, too.

Prerequisites: Requirements 3, 4b, 5e, 7b, 9a, 9b, 9c.

Offered During: A & D

Canoeing ~ location AQUATICS AREA

For several centuries, the canoe was a primary method of travel for explorers and settlers. Today, it remains an important part of the wilderness experience and an enjoyable leisure activity that teaches communication, teamwork, and physical fitness.

Prerequisites: BSA Swimmer Required. Swim tests are required to be taken in our lake due to the cold temperatures. Our lake averages 50-55 degrees. No outside swim tests will be honored.

Offered During: A , C & D

2025 PROGRAM SECTION

PROGRAM SELECTIONS – Merit Badges

Environmental Science ~ location NATURE LODGE

While earning the Environmental Science merit badge, Scouts will get a taste of what it is like to be an environmental scientist, making observations and carrying out experiments to investigate the natural world.

Prerequisites: Requirements 4b & 5

Offered During: A, C & D

Fire Safety ~ location OUTDOOR SKILLS

The ability to use fire safely is essential to human survival. By earning this merit badge, Scouts will learn to use fire safely and responsibly, how to prevent home fires, and how to handle fire safely, as well as burn prevention, and camping safety.

Prerequisites: Requirements 6, 11, 12

Offered During: C

First Aid ~ location AQUATICS AREA

First aid - caring for injured or ill persons until they can receive professional medical care - is an important skill for every Scout. With some knowledge of first aid, a Scout can provide immediate care and help to someone who is hurt or who becomes ill. First aid can help prevent infection and serious loss of blood. It could even save a limb or a life.

Prerequisites: Must be First Class Rank, 5a, 5b (bring home first aid kit or a photo of it to camp)

Offered During: A & D

Fishing ~ location NATURE LODGE

In Scouting for Boys, Baden-Powell offers this advice: "Every Scout ought to be able to fish in order to get food for himself. A tenderfoot [beginner] who starved on the bank of a river full of fish would look very silly, yet it might happen to one who had never learned to catch fish."

Offered During: A & D

2025 PROGRAM SECTION

PROGRAM SELECTIONS – Merit Badges

Fly Fishing ~ location NATURE LODGE

Fly-fishing is a specialized form of fishing that emerged centuries ago, as far back as 1653, when Sir Izaak Walton wrote *The Compleat Angler*, and perhaps to the time of the Roman empire. Long before there was spin fishing or bait casting, there was fly-fishing.

Offered During: B & C

Game Design ~ location HANDICRAFT

Games also come in almost every shape, size, format, and flavor imaginable. Games can be fast-paced, slow, or anything in between. Some are competitive. Some are cooperative. They may be for individuals, small groups, or thousands of players at a time. They might take seconds to complete or last for years. However you slice it, everyone has played games, and games help make us who we are.

Prerequisites: Requirements 6 & 7

Offered During: B

Geocaching ~ location OUTDOOR SKILLS AREA

The word geocache is a combination of "geo," which means "earth," and "cache," which means "a hiding place." Geocaching describes a hiding place on planet Earth - a hiding place you can find using a GPS unit. A GPS (Global Positioning System) unit is an electronic tool that shows you where to go based on information it gets from satellites in space.

Prerequisites: Requirements 7, 8, & 9 *Requirement 8 can be started at camp during your unit's day off on Wednesday.

Offered During: B

Geology ~ location NATURE LODGE

Geology is the study of Earth. It includes the study of materials that make up Earth, the processes that change it, and the history of how things happened, including human civilization, which depends on natural materials for existence.

Prerequisites: Requirements 5c.3a, b or c

Offered During: G

2025 PROGRAM SECTION

PROGRAM SELECTIONS – Merit Badges

This watersport involves paddling a small narrow watercraft using a double-bladed paddle. Scouts will learn the techniques and skills needed to be successful in this rapidly growing watersport.

PROGRAM SELECTIONS

Signing Up for Program

Scouts and Scouters can sign up for programs (merit badges, specialty programs, HAWK, etc.) as soon as they are paid in full for camp. Soon as payment is made in full for the Scout, go to the “attendees” tab of your unit’s online registration and click on the individual that has paid in full. A schedule will drop down where you can schedule the scout’s program for the week.

Please be aware that only the registration contact for your unit will be able to access the online registration system. However, if parent portal is enabled, a parent of a Scout would be able to log in and sign up their Scout for program.

Merit badge and program signup are locked after May 24, 2025.

Program Capacities

Each merit badge and program has a capacity per class. Slots will be reserved on a first come, first serve basis. Capacities are determined based on equipment, staff, and program demands and limitations. Under no circumstance will Medicine Mountain authorize the expansion of capacities. If capacities are expanded, it will negatively affect the program quality for other Scouts. Please “be prepared” and plan to ensure your unit does not end up in a “last minute” situation.

Switching Merit Badges

Before May 24, 2025, Scouts can switch merit badges, space permitting, as much as they want.

After arriving at camp, Scoutmasters may come to the Camp Office to switch merit badges for their Scouts after the opening campfire on Sunday night. Typically, we see this from Scouts that were originally signed up for aquatic related merit badges due to our cold-water temperature. Please be aware that merit badge availability is limited due to capacities, staffing requirements, supplies, and other variables. It is for this reason, that Scouts will have a limited choice on what merit badges they may switch to.

2025 PROGRAM SECTION

PROGRAM SELECTIONS – Blue Cards

Blue Cards

Medicine Mountain is a 100% electronic blue card camp. This means that there is no reason to bring blue cards to camp. Our staff will keep track of requirements completed at camp and they will be uploaded nightly to our registration system. Leaders then can log onto the registration system the next morning and view completed requirements throughout the week. Leaders can keep track of their Scouts and ask questions if they have any.

After the unit's week of adventure at Medicine Mountain, the registration contact can go to their online registration and print off the blue cards from the "reports" tab.
