Sustainability and Waste Reduction

As leaders in Scouting, it's our responsibility to set an example for environmental stewardship. At this spring's Charlemagne Range and Target Activities weekend, we will focus on eliminating unnecessary waste, particularly single-use plastic bottles and disposable paper products.

Transatlantic Council
Range Activities Weekend
08 – 10 May 2026

Participants are strongly encouraged to bring reusable water bottles, mess kits, and durable gear to reduce our environmental impact. By embracing sustainable practices, we not only protect the outdoors we love, but also teach our Scouts the value of conservation and personal responsibility, core principles of the Scouting movement.

Health Forms

Scouting America Medical Form completed for **EVERY YOUTH AND ADULT** in camp. Scouts, siblings, or adults without medical forms cannot participate in any camp activities. We cannot accept forms from other agencies (Youth Services, Schools, etc.). It must be the Scouting America Medical Form Parts A & B available at:

http://www.scouting.org/filestore/HealthSafety/pdf/680-001_AB.pdf

Please bring copies of the completed medical forms to camp. Please bring copies of the completed medical forms to camp. The camp director will keep a list of attendees.

All Parents and Volunteers must complete Scouting America Safeguarding Youth Training. We are kindly asking for all adults who are attending camp to complete the Scouting America Safeguarding Youth training due to the fact that a parent may be asked to help with two-deep leadership at some point during camp. Safeguarding Youth training can be found at:

<https://my.scouting.org/> (Create an account, complete the training and bring a copy of the SYT certificate to camp).

Camping: Scout Pavilion

The campground is fairly basic. It has overhead cover and picnic tables for meals. The nearby range classroom building has running water and bathrooms.
