

Greetings Scouts and Scouters from around the Far East.

We have wrapped up a great camp in Chiang Mai this summer which proved to successfully restart our FEC Trilogy camp series. I am excited to invite you to join us this next summer, July 23-29, 2023, for Camp Nepal. This camp is held at Nepal's national Scout camp, Kakani, and promises to be yet another amazing adventure in the Far East.

This camp will once again offer many Merit Badge options for you to choose from, as well as a setting unlike any other. From camp, you will wake up surrounded by the Himalayan Mountains, and on a clear day - can see the famous K-2 summit. We are expecting Scouts and Scouters from all around Asia, especially as COVID restrictions continue to lighten.

We will end this camp with a cultural tour of the UNESCO city of Bhaktapur, wherein we will observe some of Nepal and Hinduism's sacred temples and settings. It will be a camp like no other, as we join in the brotherhood of Scouting, celebrating all that Scouting is.

Please join us for an amazing reunion of Camping in Asia.
