

# ***Shell Eco-Marathon Americas 2019***

## ***Scouts BSA Camping Guide***

To All Troops:

If you want a night of free camping, the Sonoma Raceway has a large area on Turn 3 overlooking the raceway, prime real estate, that they have set aside for the Scouts. There is ample space for units to camp. Food is not provided for this event, so you will need to either bring supplies for breakfast and lunch or money for the food vendors at the Raceway. The Raceway has asked that we not cook on site, so the meals must be planned accordingly.

For each unit wishing to camp, we need the Unit Number, Council, Names of Scouts and Leaders (remember Two-Deep Leadership is required), the Unit's gender (Troops will not be comingled), and the Unit Leader's name with contact information.

The camping space will open at about 5 PM on Friday, April 5<sup>th</sup>, 2019.

Be sure to register each Scout separately for the April 6<sup>th</sup> activities.

Sincerely,

The Redwood Empire and Mt. Diablo Silverado Council STEM Teams
