This is a day of training for all levels of Commissioner service. All Commissioner courses were updated last year, so 100% of the training is new this year. For those working on their Bachelor, Master or Doctorate of Commissioner Science, or Bachelor of Roundtable, you will choose the degree track you would like to follow that day.

If you have finished your degree or would rather get an update on subjects of interest, you can take any of the offered courses throughout the day to count as continuing education courses.

We hope to see all Commissioners, regardless of length of service, at this special day of training so our units can expect the best from their Commissioner Corps.

Registration closes April 7, 2019
