

# WOOD BADGE

## Advanced Leader Training

Wood Badge is considered the premier leadership training for Scout leaders in all program areas and for Scouting professionals.

The Wood Badge experience comes with decades of Scouting knowledge, a skilled and helpful staff, and a guided tour through the Scouting program. The first part of Wood Badge is the experiential course, which takes place over two three-day weekends and includes leadership classes, games, activities and lots of meaningful conversation. The second part of Wood Badge is the ticket, a series of five goals you choose to complete, using your newly acquired skills, to benefit your home unit and local community.
