**Those interested in other Faith traditions to reach out to neighbors, friends, or their community!**

**Scouts & Leaders of all faith backgrounds should plan to attend.**

This educational opportunity will enlighten youth and adult leaders regarding the various faith traditions of the Scouts in our Council with whom you will interact either within your own Unit (Pack/Troop/Crew/Team), and/or at **various Public**, District and Council Events. All Pack, Troop, Crew and Team Leadership are welcome. And you are encouraged to invite those in your community who seek to better understand a faith person in their neighborhood.

**Speakers may include experts on the following faith traditions:**

**Buddhist; Islam; Judaism; Roman Catholic; Sikh; Hindu; Baha'i; Protestant; or the Church of Jesus Christ of Latter Day Saints**

who will provide information on their faith history and beliefs, as well as, answer questions that may address how best to interact respectfully with those within that faith.

*A Scout is Reverent*, that is, he respects other faith traditions than his own. This one afternoon of interaction is the best way to "Be Prepared" to interact with those of a faith with whom you may not be familiar.

**There is no cost to attend. No registration required.**
