Program Notes

Schedule/Live Meetings:	<p>Each Merit Badge will be a combination of live facilitated meetings AND work that will need to be completed independently. A Scout will need to attend all scheduled live meetings (for the live meeting time option you select) in order to complete all of the requirements covered. Live meetings occur on every day listed for each time option. For example, if you take First Aid Merit Badge and you select the 10:00am option, you will have live meetings on Monday from 10am-11am, Wednesday 10am-11am, and Friday from 10am-11am; you must attend all three. As another example, if you take Art Merit Badge, there is only the 1pm option to select, so you will have live meetings on Tuesday from 1pm-2pm, and Thursday from 1pm-2pm; you must attend both. In addition, for both examples there is additional work that will need to be completed outside of those scheduled live sessions.</p>
Merit Badge Registration Limit:	<p>Your Scout can take up to four merit badges per week. In addition to their merit badges, they may sign-up for Rank Advancement, and the Firecrafter Ranks of Camper and Woodsman (these do not count towards the four total). They also have access to the various camp experiences (i.e. campfire, camp tours, fun activities). When planning your Scout's schedule keep in mind the estimated daily time commitment and your family schedule.</p>
Pre-Requisite OR Post- Requisite Requirements:	<p>These are requirements that will not be completed during the weekly experience. Your Scout will need to complete these requirements with their Troop or Merit Badge Counselor in-person before or after the experience. These can be submitted during the week of your experience. You can find these requirements in the BSA Merit Badge Pamphlet for each specific merit badge at this website:</p> <p style="text-align: center;">www.scouting.org/programs/scouts-bsa/advancement-and-awards/merit-badges/</p>
Daily Time Commitment:	<p>This is the estimated amount of time that your Scout will be spending on that particular merit badge each day in order to complete the requirements. This includes the time in the live sessions and independently outside of the live session. Please remember that offering these merit badges in this format has not been done before, so these are estimates. We will adjust these throughout the summer if needed.</p>
Firecrafter - Camper and Woodsman Ranks:	<p>These ranks are completed through the Firecrafter Organization and administered by the Summer Experience. All requirements will need to be completed during your week in order to earn the rank. The live meeting sessions will be conducted via an open format. Consult with your Scoutmaster before participating in these ranks. Sign-up is required for the Firecrafter ranks of Camper and Woodsman.</p>
Rank Advancement:	<p>Rank Advancement (defined as rank requirements found in the Tenderfoot, 2nd Class, and 1st Class ranks) will be administered by two methods. The first method is guided instructional videos and activities. Your Scout will have access to these when the sign-up for a particular rank. For example, if your Scout needs to complete Tenderfoot Requirement 3a they will have access to instructional videos. The second method is instruction via Live Meetings. These Live Meeting Sessions will be open format and any requirement (that can be completed virtually) can be covered. Your Scout will have access to both live meeting sessions to get additional help or work on additional requirements. They can attend one, both, or neither depending upon their needs. These open live meeting sessions will be similar to the "office hours" concept. Each Rank Advancement program will cover only carefully selected requirements. Finally, the counselor will be teaching the skill to your Scout; each Troop has various requirements in order to officially sign-off the skill in your Scout's Handbook. Sign-up is required for Rank Advancement, but does not count towards the four merit badge maximum.</p>
Daily Camp Experiences:	<p>Each Session, your Scout will have access to fun adventures, videos, and activities that help bring the spirit of camp to you. Some examples include a live campfire program, tours of camp, competitions, STEM experiments, and other fun activities. There is no sign-up required for these activities. Your Scout will have access through the Google Classroom platform to enjoy, according to their schedule.</p>
