The merit badge program is the cornerstone of the summer camp program and Camp Old Indian offers a wide selection. Most merit badges can be completed at camp. However, there are a few that need some additional work at home because of time requirements, special projects, or other considerations. In addition, some merit badges require prerequisites or practice to develop proficiency in specific skills. Registration for classes can be made at coiregistration.com.

If your council requires blue cards, please bring them with you to camp. The cards should be completely filled out by the unit and brought to the Department Director, Camp Commissioner and/or Program Director for an official signature. Scoutmasters will receive a paper advancement report for each Scout in their unit prior to their departure on Saturday morning. The report will include what requirements the Scout completed and did not complete. Some merit badge requirements cannot be completed at camp, but those requirements may be completed before or after camp. It is the unit’s responsibility to transfer this information to the corresponding blue card. **Merit Badge Advancement** sheets will be provided to Scoutmaster’s before the conclusion of the Friday Night Campfire. We will distribute both paper and electronic versions to each troop. The paper version allows troops to immediately verify the accuracy of the advancement records and correct any issues between the merit badge counselor’s records and the scout’s version of the completed requirements.

The next few pages present an outline of what badges are offered, what day they are offered on, a short description and any additional fees. **For the 2017 season, Camp Old Indian will teach merit badges using a block schedule format.** This is a description of how the block schedule will work: Scouts will take one merit badge a day. Most merit badges are whole day badges such as Environmental Science and Canoeing. Scouts who take whole day merit badges will take this badge the entire day and finish requirements on the day they take it. Some merit badges, as noted on the table on the next page, are half-day badges. If the badge has an “AM” beside it, then the badge is taught from 9am-12pm. If the badge has a “PM” beside it, the badge is taught from 2pm-5pm. A Scout may take two half-day badges in one day and complete them if the badge is able to be completed at camp. Benefits of the block schedule include, but are not limited to: no wasted time transitioning between classes, more instruction time, more flexibility for troops to take a day trip on the Nantahala, etc. The table below is a sample of what a Scout could complete during a week at Camp Old Indian:

BSA Lifeguard

BSA Lifeguard is a week-long, rigorous program that certifies a Scout or adult leader to be a lifeguard. Scouts must be at least 15 years old in order to participate. Physical strength, stamina, strong swimming skills and a great deal of written work is required. In order for one to be certified, they must be CPR certified. CPR certification will be offered at camp for a fee. If a candidate has current CPR certification, they need to bring their CPR card to camp with them.

Recertification is available for those with current certification or whose certification has expired within the past six months. Candidates for recertification must provide current BSA Lifeguard and CPR certificates. BSA Lifeguard certification lasts for two years from the date on the card.
