Beyond capturing family memories, photography offers a chance to be creative. Many photographers use photography to express their creativity, using lighting, composition, depth, color, and content to make their photographs into more than snapshots. Good photographs tell us about a person, a news event, a product, a place, a scientific breakthrough, an endangered animal, or a time in history.

A lot happens during the course of every person's life and your ability to communicate your feelings and ideas is the best way to connect to the larger world. Scoutmaster-Specific Training introduces you to everything you need to know about running a Scouts BSA Troop, which is different from a Cub Scout Pack. In particular, you and your fellow adult leaders are now in more of a "mentor" position where your job is to help your youth members learn and practice leadership. While this training will not answer every single question you have, it is a great start. This course, combined with Youth Protection Training and the Introduction to Outdoor Leader Skills (IOLS) course, will make you an "fully trained" Scouts BSA leader.

Kayaking through whitewater rapids can be a thrilling experience. Safe whitewater fun requires each participant to understand the equipment and techniques and to have a firm respect for the power of nature's waterways.

However, due to river conditions, staffing, outfitter requirements, and state regulations you may not get the day you request. If you do not approve the day you were assigned you are welcome to request a change or refund.
