Scouts BSA Summer Camp (Scheduled Classes)

22SB1 Camping

Camping is one of the best-known methods of the Scouting movement. When he founded the Scouting movement in the early 1900s, Robert Baden-Powell encouraged every Scout to learn the art of living out-of-doors. He believed a young person able to take care of himself while camping would have the confidence to meet life's other challenges, too.

No Boy Scout will ignore a plea for help. However, the desire to help is of little use unless one knows how to give the proper aid. The main purpose of the Lifesaving merit badge is to prepare Scouts to assist those involved in water accidents, teaching them the basic knowledge of rescue techniques, the skills to perform them, and the judgment to know when and how to act so that they can be prepared for emergencies.

Adult Leader Training (Scheduled Classes)

**ALT1 Introduction to Outdoor Leader Skills (IOLS) (M,T, TH 1-4)**

Welcome to Introduction to Outdoor Leader Skills training. The Introduction to Outdoor Leader Skills (IOLS) course builds and expands on the concepts and themes introduced in Scoutmaster Position-Specific Training and provides Scouters with the confidence to take youth into the outdoors. Specifically, this hands-on program gives adult leaders a practical introduction to the patrol method of a Scout-led troop by teaching many of the practical outdoor skills they need to lead Scouts in the out-doors. In addition, the teaching methods, activities, and games model the variety of teaching used in effective and engaging Scouting programs. The skills sessions presented in Introduction to Outdoor Leader Skills closely follow the Scouts BSA Handbook for Boys and Scouts BSA Handbook for Girls and are meant to serve as an adult training outline. By using these skills sessions in conjunction with the Scouts BSA handbooks, trainers can be sure new leaders are proficient in many of the basic outdoor skills through First Class rank, and gain exposure to the patrol method and numerous teaching methods and learning games. Each skills session references specific Chapters in the handbooks and highlights the 2018 advancement requirements. Hands-on participation is the best learning tool, and this course models the techniques used by effective Scoutmasters, advisors, and other leaders in the Scouting program. Attendees will see and experience different aspects of how Scouting works while playing the role of Scouts in a troop. Participants should leave the training experience with a full understanding of how the patrol method operates, a feeling of comfort in working with and instructing their Scouts, and an increased level of confidence taking Scouts outdoors safely. With that comes great satisfaction.

Scoutmasters will learn how to meet the aims of Scouting by applying the eight methods of the Boy Scouting program during the four main sessions of the course:

**ALT4 Safe Swim Defense/Safety Afloat (Monday 1-3pm)**

BSA groups shall use Safe Swim Defense for all swimming activities. Adult leaders supervising a swimming activity must have completed Safe Swim Defense training within the previous two years. Safe Swim Defense standards apply at backyard, hotel, apartment, and public pools; at established waterfront swim areas such as beaches at state parks and U.S. Army Corps of Engineers lakes; and at all temporary swimming areas such as a lake, river, or ocean. Safe Swim Defense does not apply to boating or water activities such as waterskiing or swamped boat drills that are covered by Safety Afloat guidelines. Safe Swim Defense applies to other nonswimming activities whenever participants enter water over knee deep or when submersion is likely, for example, when fording a stream, seining for bait, or constructing a bridge as a pioneering project. Snorkeling in open water requires each participant to have demonstrated knowledge and skills equivalent to those for Snorkeling BSA in addition to following Safe Swim Defense. Scuba activities must be conducted in accordance with the BSA Scuba policy found in the Guide to Safe Scouting. Because of concerns with hyperventilation, competitive underwater swimming events are not permitted in Scouting.
